## Girl of the Week.

Her favorite games are cricket and football, while her hobbies are reading and the movies. She is presently employed as a cashier at the San Nicolas Service Station.

Unlike most of our cover girls, Jane admits having an attachment." Who? The well-known local boxing artist "Sugar Boy Nando."

Interested parties will therefore have to be prepared to encounter that famous left hook.

## BRIEZEN TELLS OF HIS HELSINKI TRIP.

There was a slap on our editor's back and a voice said: "A girl sent you her regards from Helsinki".

The voice belonged to Juan Briezen of the Lago's Catalytic and Light Ends department, the lone goal-getter for the Antilles in Helsinki.

## Through-out the World

CAMEL is first, first in SALES  
and first in QUALITY

"That's wonderful", said our editor, "who was she? Armi Kuusela?" Juancho did not answer, but instead opened an envelope and from among 50 odd snapshots produced one (see cut) where he and some of the other boys were posing with Mrs. Zita Berend, the wife of Localite Eddy Berend, the editor's "other me".

Above: The look on Janni Brokke's face tells us: Holland was okay!

Below: "Now we are sure there's at least one girl in Helsinki who will understand us" said the boys as they were welcomed to Finland by Mrs. Zita Berend a Surinam Gal from Curacao who studies in Holland. (now you try to solve that one!)

By this time Juan was gently pushed into a chair, and was told in no uncertain manner that THE LOCAL was ready to hear his story on the Olympic trip.

"It is all too wonderful to tell", said Juan. "I enjoyed every minute of it (and I'm sure the other boys did too) except the 32 hours flight from Europe to Canada. That's too much flying. Then too, we ran into a kind of stormy weather from Canada to Cuba and we were all doing an involuntary rumba inside the plane".

How was going away? "Swell. As usual, you know, a group of boys full of good humor, ready for big things." How was the situation in Holland? "Oh, fine. We saw the sights, went to the zoo and met the gals. Great kids. The boarding house owner must have considered us his sons who had been away for a long time. In short every thing was just fine and I have no complaints." "France?" Same thing. Lot of fun. Friendly people and very hospitable. No discrimination at all and they play a good game of football too." And Helsinki? "Man, that was unbelievable. I've never seen so many people together in all my life. When the crowd cheered, you had to close your ears not to go deaf and than you could not hear the referee's whistle". How was the match? "Good, - a bit rough and we had tough luck too. It is too bad that we had only one chance to make good."

Juan looked a little disappointed at this stage, so we asked him if he had also seen the most beautiful girl in the world, Armi Kuusela, Miss Universe. Yes, he had, but only from a distance. "She's really nice."

What was the charge (entrance fee)? "I know that you could sit down for \$10 and watch the athletic games all day long. However,

if a football match was the only activity, you paid the same \$ 10 to see just one match. In any event, the stadium was jam-packed all the time. In fact it was so crowded, that we often had to leave before closing time not to get killed in the rush."

And how did you boys like the Helsinki chow? "Oh, that was good! But we hardly had time to eat. Then too, we had some pro-

blems with the "perpetual daylight". Once we went to the dining hall and thought we were late for lunch. But when we came into the room we were asked 'what was wrong with us' . . . it was 2 o'clock at night"

"Were the quarters comfortable?" Yes, there was more space than we needed. Everything was well arranged. It was fun in camp too, but the dining hall is where the fun really lived. It looked like

a huge mad-house. Every group would speak a different language and all other groups would laugh themselves into fits because of the "funny accent".

How was the food served to so many people? "That was easy. Self-service. You just walked around with your dish, made a selection of the things you liked and settled down at the table. If you liked something special, you

Ω

Spritzer & Fuhrmann

went back for another serving. You could eat as much as you cared, there was always more than enough".

What were the Russians like? "Big strong men and women. Each athlete was protected by a soldier too. But they did not bother anybody. Usually they stayed by themselves in the background."

Did you see much of Finland itself? "No, not very much, but what we saw was nice. It is a colorful place and so many things are different. For instance, the barbers there are mainly girls. They shave, trim and manicure. In one shop there were 6 girls and some of the boys had six shaves a day, with 5 times nothing to shave for every girl one visit."

Juan then showed us the rest of his pictures and told us that he was expecting a booklet with all the important pictures from Finland some time next month. He also showed us some souvenirs he had received from Esso representatives abroad. These included a silver miniature duplicate of the Helsinki stadium with tower et al, a beautiful flag pole with the "Esso" flag in top and a plastic traveling bag with a map of Finland and a Finish "Esso" road map on the sides. "Stadium" souvenir and a "flagpole" were also sent to the Lago's Public Relations Department by the Esso representatives and Juan left us to deliver these to Mr. Bert Teagle, but not before he told us that he would not mind doing it all over again.

RECRUITED "PIONEERS"  
CELEBRATED  
15TH. ANNIVERSARY WITH  
LAGO OIL.

One bright morning in July 1937 Mr. Ward Goodwin of the Lago Oil & Transport Company made a statement in Surinam. He wanted to employ a couple of "white boys with blue eyes". Mr. Goodwin did not get these, but instead he got a group of good workers.

Fifteen years ago this week, the first large group of men to be recruited by Lago from Surinam, as a part of a big scale recruiting program arrived in Aruba and started to work for Lago.

The number from Surinam at that time was 37, of which 13 are still with Lago. To commemorate the fact that this week they became eligible for retirement benefits, the boys will meet tonight at the residence of Just de Vries in Lago Heights where there'll be plenty to eat and just as much to drink. The "pioneers" from Surinam still with Lago are:

Humphrey "Speen" Linscheer  
Humbert "Glamor boy" Mezas  
August "Mr. L. H. '52" Tjon  
Garner "Aquarium" deMattos  
Joe "Slappy" Arrias  
Just "Masbango" de Vries  
Hugo "Boedoe" de Vries  
Justus "Silent man" Fräser  
Andre "Chino" Sjaw A. Kian  
Pedro "99999" Brook  
Frank "Beul" Lieuw Hie  
Reginald "Moustachio" Hartogh  
Alex "Pek Pek" van Gelder (with interrupted service).

Of the others, 22 have left Aruba and 2 are still in Aruba in positions other than with Lago. These two are photographer Joe d'Aguiar, owner of the Ace Studio, and Walter Stolz, employee of the Elmar.

The boys travelled to Aruba aboard the S. S. Cotica of the K.N.S.M. and here met with 3 pioneers from British Guiana who were also heading for Lago. These three men (still with Lago) are C. R. Roohe, E. A. Rankin and Sewraj Singh. The boys found conditions in Aruba 15 years ago much worse than they

THE LOCAL extends its congratulations to the pioneer-recruits in reaching the 15-year milestone. It was through their will-power and good work that Lago continued its recruiting program from the Guianas and the fact that all of these boys are holding leading positions in the Lago organization today is ample proof that Lago did not regret the recruiting trip, even though the boys have no blue eyes.

MAJOR LEAGUE NEWS.

Bobby Shantz Philadelphia Athletics ace pitcher, who up to last week had a 20 game win record, has the best chance to become 1952's baseball player of the year.

Of the 45 remaining games to be played Shantz can easily win another ten to reach the magic circle of 30. Already 109 games have been played.

It is almost 21 years ago since an American League pitcher, Bob Grove, won 31 games in one season and 18 years since a National League hurler, Dizzy Dean, won 30 games.

Some baseball experts are predicting that Bobby Shantz will reach as many as 35 games judging from the way he is pitching right now.

CHICO CARRASQUEL WILL BE BACK IN ACTION.

Last Monday the cast on the broken finger of Chico was removed and White Sox physician said that Chico will be able to play in about ten days.

The demand was made in a letter to the High Commissions of Britain, France and the United States. The Russians charged that trade bars violated the 1949 agreement ending the Red blockade of Berlin.

The West imposed these trade bars to prevent the flow of strategic materials, especially steel, into Soviet-dominated areas.

READ "THE LOCAL"

Larry discusses with Harries what they will do with Rob. "We are pretty sure, that he is a spy" says Harries. "Oh, maybe he was only a little bit curious," Larry supposes. He is of course afraid, that his boss will blame him for getting such a scoundrel aboard the ship. "I have no use for curious

men" Harries growls, "and so Rob must disappear." Mona overhears their conversation and she knows what "disappearing" means. But she has not forgotten that once Rob saved her life and when evening falls she steals to Rob's cabin. He is still fettered, but in less than no time she releases him." And now

we're gonna play a nice trick" she whispers. She has brought along a full length puppet, that she has made in a hurry and which is now clad in jacket, pants and cap of Rob, who himself is elated with that nice scheme. For with that puppet they intend to take Harries in.
